LATE FOREIGN NEWS.

For O. S. S. Alameda.

AMERICAN.

New York, May 13.—About 500 o'clock last night an altercation occurred between Larry O'Brien, a well-known broker and politician, and George F. Truman, a sporting character, belonging to Chicago. The former was probably fatally stabbed and the latter was shot twice. The affray was the outcome of a quarrel.

New York, May 14.—Yesterday was acknowledged to be a bad day for General Grant. He suffered with his throat and could only speak with difficulty. The afternoon brought him no relief, even though it brought Dr. Douglass, and it was not until early this morning that he fell into slumber, surrounded by an extra quantity of morphine. This morning he awoke feeling a little easier, but not at all improved in his general condition. Dr. Douglass' statements imply that the General is not improving in the same ratio as hitherto. The weather has a very depressing influence.

General Grant was a little easier this evening. Fred Grant and Dr. Douglass state that he is really a very sick man.

BLACKFOOT (I. T.), May 14.—Last Saturday three deputies visited Paris to arrest eight persons charged with illegal cohabitation. They found an assemblage at a meeting-house, the chief Mormons and the others wanted being inside. The deputies attempted to enter and were refused admission under the claim that the meeting was a private one. The doors were locked and guarded inside and out. The deputies were answered to go in and bring out the men and were given to understand that they would be severely dealt with if they attempted to do so. Seeing no chance to arrest the men, and the crowd being so determined, the deputies left and were followed by part of the crowd, including the constable.

New York, May 14.—A special to the *World* from Philadelphia says: In New York Walter Lennox Maxwell, who was arrested in New Zealand for the murder of Frasier in St. Louis, made a statement that he was the brother of Lord Herries and several times spoke of his aristocratic connections. In February last General C. Maxwell, second brother of Lord Herries, was in Philadelphia on business and called for Europe in March and has since been heard from in London. It is a queer coincidence that he has a brother, Walter Lennox Maxwell, who came here from Australia and settled for awhile on ranches in Colorado, though nothing has been heard of him for some time. Some points of resemblance and coincidences have given rise to the belief that the companion of the murdered man, who is now under arrest, either knew Lord Herries brother or assumed his name purposely to mislead.

ATLANTA (Ga.), May 14.—At to-day's session of the International Convention of the Young Men's Christian Association, San Francisco was chosen as the place of the next convention in 1887.

ATLANTA (Ga.), May 14.—About 200 persons were poison to-day at a picnic at Dahlia Falls through a chemical change made in the ice-cream freezer. All are recovering.

New York, May 14.—A Herald Washington special says: Ex Senator Shantz of Oregon says it is very doubtful whether the Governor of that State will call an extra session this summer to elect a United States Senator to succeed him. If he does not, then the person appointed will serve until January, 1887, when the Legislature again meets.

New York, May 14.—At a meeting of the Military Service Institute of the United States at to-day, Lieutenant Eugene Griffin of the Engineers' Corps, United States army, read a paper on "Our Southern Defense," wherein he showed that the courts of this country were almost without protection, and urged the necessity for prompt action by the Federal powers in this respect.

WISCONSIN, May 14.—The latest news from the front is contained in the following dispatch received this afternoon by Commissioner Wright: "The steamer *Norfolk* is safe, but ran through a terrible ice at Boscawen from both banks of the river, and the rebels tried to capture her by lowering the ferry cable, but were not quick enough, though it carried away the smoke-stack and whistle. Three were wounded but slightly, the boat being barricaded with boat boxes and hay and oats. There is plenty of ammunition, provisions and fodder at the front, and the outlook is brighter. We expect this district will wind up the business. The rebels are driving themselves up. We will meet them half way down the river or not much concerned at Winnipeg, as all good judges say we would be placing himself in the way of being captured. As for the rebels who are surrendering, it is not likely anything further will be done with them. Many of them were no doubt misled by Earl and Dumont, and others were coerced into joining them.

OCTOBER, May 14.—James Taylor, City Recorder, was to-day brought before United States Commissioner McKay and bound over to the Grand Jury in \$100,000 for trial for obstruction. This is the first case in Oregon of an impending series of prosecutions under the Enforcement law.

Letter, Pa., May 14.—An impact was held to-day on the body of Mrs. Plantz, who committed suicide yesterday by drowning, after throwing two of her children in a pond. It was developed that Mrs. Plantz had intended to drown her seven children, but only two of them consented to go with her. The eldest boy, aged 20 years, suspected that something was wrong and followed his mother. He was a good swimmer and succeeded in getting out of the water one after another, four of his children and his mother. The latter and her baby were still alive, and while the little hero was attempting to resuscitate his sister the mother again plunged into the water with her baby and both were drowned.

WISCONSIN, May 14.—It is estimated that \$100,000 has been paid into the United States for Government bonds that will never, in all probability, be called for. Year after year the interest on these bonds is carefully computed and credited to the holder. In this way it is easy to determine the exact amount of the original investment. This seeming carelessness on the part of the bondholders is explained by the Treasury officials on the importance that the owners have become immune to such uncertainty, as is the case when there was no opportunity to communicate with their friends.

LOS ANGELES, May 14.—A telephone message from Scott Mortimer, at 5 o'clock, says that General Sherman is now fit and is not seriously indisposed. He will leave there for Los Angeles to-morrow afternoon.

OTTAWA (Ont.), May 13.—In the House this afternoon Hon. Mr. Carson read an official dispatch from General Middleton, dated Batouche, which said: "Have just made a general attack and captured the whole settlement. The men behaved splendidly. The rebels are in full flight. I am sorry to say we have not got Riel."

WINNIPEG, May 14.—A dispatch from Clark's Crossing of May 12th says: Batouche has fallen, and the rebels have fled, being driven from their rifle pits and ambush at the point of the bayonet. The charge was gallantly made by the Grenadiers. Riel sent a message to General Middleton early in the day, saying: "If you persist in firing upon our women and children, we will massacre the prisoners in our hands." The General in reply told him to gather his women and children into one house and it would not be fired upon. Later Riel sent an answer thanking Middleton for his humane promise to save the women and children but afterwards, as the general attack was just being made, he sent another messenger, saying he did not like war, and unless the troops retired the original intention of massacring the prisoners would be adhered to. The communication came too late, as the charge had already been commenced, and in a few minutes the rebels were scattered and the prisoners rescued.

WASHINGTON, May 14.—It is said to-night that the President is considering the question of appointing General Rosecrans, Collector of the port of San Francisco. Rosecrans admits he expects the appointment.

The President has appointed a board of officers to report on the fortifications and defenses of the United States.

The President to-day appointed Ferdinand E. Davis of New York to be United States Consul at Havre.

George V. N. Lathrop, recently appointed United States Minister to Russia, qualified at the Department of State yesterday.

It is reported that Mrs. Lamont will succeed Miss Cleveland as mistress of the White House.

The annual convention of the Young Men's Christian Association met at Atlanta, Ga., March 1st.

President Cleveland promised the Mormon delegation to see that the Edmunds act was impartially administered.

The Pacific Mail Company hopes to secure the whole of the \$400,000 subsidy voted by the last Congress for carrying the mails.

The indications are that the winter wheat crop of the United States will show a falling off of 10 per cent compared with the estimate for April, which put the crop at 65 per cent of a full yield.

NEW YORK, May 14.—Between 10 and 11 o'clock last night a hypodermic injection containing five drops of morphine was administered to General Grant. This quantity of the opiate usually neutralizes the constant pain in his throat so that the patient is able to sleep, but this was not the case last night. The General during the day had talked too much to his visitors and his nocturnal ride was chilly. His throat had swollen a little and the pain was so intense that the usual opiate did not produce the usual result. The General found no sleep until 12 o'clock this morning. At that hour he slept, and continued to do so, with less wakefulness, until between 8 and 9 o'clock this morning. At 9 o'clock he arose and dressed. The increased swelling of the throat is to-day noticeable, and in the words of Colonel Fred Grant, "Father is not so well this morning as he was yesterday morning."

NEW YORK, May 14.—The *Commercial Bulletin* says: Speculative markets here have about ceased to be directly influenced by the Anglo-Russian conference. Wheat and oats are largely affected by the Western dispatches concerning winter wheat, while for the moment are nothing if not bearish on the crop.

WASHINGTON, May 14.—The Superintendent of the United States Mints at San Francisco, New Orleans and Philadelphia have been authorized to purchase mounted and unmounted United States silver coins of the standard fineness, at the rate of 90 cents per ounce, Troy weight, in sums of \$3 and upwards.

NEW YORK, May 14.—The *Post*'s Washington special says: "The report that the President has relieved the office of Register of the Treasury to Hovey is doubtless due to the fact that the delegation has waited upon the President and informed him that provision ought to be made for Hovey, who is in need of an income, and suggested the office of the Register. Healey of California states positively that Hovey will get the place."

WASHINGTON, May 14.—This evening Elsie Reynolds, the tragedienne medium, gave a materializing circle here. After various materializations a representative of the *Advertiser* jumped over the inner circle of the believers and grabbed the spirit, who proved to be Elsie Reynolds. A fight followed in which the disbelievers knocked out the spiritualists. Elsie attempted to kill the reporter and begged for mercy. All the money was refunded. One lady visitor went into hysterics. The furniture was broken and the room generally was damaged.

In the cabinets were found masks, white robes and paraphernalia, which had been concealed under Elsie's dress on entering the cabinet.
